StomaGenie® for a hygiene friendly pouch change

Pouch replacement doesn't have to be an unsanitary process anymore. Why risk contamination of your skin and surrounding area when you can capture stoma output during the pouch change process? There is a better way with the StomaGenie Capture Cartridge®. Now you can have a hygiene-friendly change.

KEY FEATURES:

- Lined with super absorbency
- Available in 12 diameter sizes
- Use with 1-piece and 2-piece systems
- Reduces pouch changing anxiety
- Allows time to clean and prep skin
- Medicare reimbursable (HCPCS A5081)
- Covered by most insurance carriers
- Disposable and biodegradable

How StomaGenie® is changing the lives of ostomates

"I now have complete mastering of the StomaGenie®, and have lowered my anxiety, opened up the option of "anytime change" and have been able to provide complete skin preparation - ensuring for longer wear time and healthier skin." - Kyle S., Ostomate
